Heathrow is changing
Get involved and have your say

Looking for more information about what we are consulting on as part of our Airport Expansion Consultation?

This is your opportunity to give us your feedback on:

- Our preferred layout for the airport, including the location of the new runway, taxiways, terminals and other infrastructure
- Our preferred options for how we will operate the airport in the future
- How we will manage and mitigate the effects of expansion, including property compensation and approaches to noise and air quality

Airport Expansion Consultation
18 June 2019 – 13 September 2019

We are proposing to expand Heathrow, which involves building a new runway, changing how our airport operates, and carefully managing the way we grow.

We have held two previous consultations on changes to the airport and the way it operates, one in 2018 and one earlier this year. Since then, we have been carefully considering the feedback received and have used your comments to help develop our proposals.

We are now carrying out our statutory Airport Expansion Consultation to show you our latest proposals, and we would like to hear your views.

REMEMBER: The deadline for submitting feedback to the consultation is 11.55pm on 13 September 2019.
Expanding Heathrow

This shows some of the key aspects of our preferred option for the future layout of the airport.

Your views are important to us and we would like to know your thoughts on this proposal including our preferred options for changes to roads, rivers and new developments.

We would also like your feedback on how we will manage the effects of the construction and operation of the airport and changes to our runway operations.

Your feedback will be used to shape the final proposals for the expansion of Heathrow.

Why have I received this leaflet?

You are receiving this leaflet because the way in which the airport expands may affect you. This consultation will show you our latest plans and give you the opportunity to share your views. Your feedback will help shape the proposals that we will put forward as part of our application to the Secretary of State for Transport to expand Heathrow.
